DIRECTOR

August 18, 2008

TO: Rebecca A. Humphries, Director

INFORMATION: Natural Resources Commission

SUBJECT: Huron River No-Kill Bass Regulation (FO-239) – FOR INFORMATION ONLY

Authority:

The Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, authorizes the Director to provide for better protection and preservation of fish, game and birds.

Discussion and Background:

This order is set to expire on March 31, 2009. This long-standing regulation is well known and providing a popular fishery for anglers on the Huron River. We have been actively working with a local club and the Huron-Clinton Metropolitan Authority to replace all the signage to remind anglers about the special regulations in effect there. The signs will be placed at several locations along this river reach which will serve to increase the awareness and interest in this special fishing opportunity.

These regulations have been effective in creating a special opportunity for our anglers and are well accepted by the public. Therefore, we strongly suggest the regulations be renewed as written.
